

Duration: 110 minutes

Course Code: ONHS19

Course Description:

This course is aimed at companies who employ users of display screen equipment, or DSE as it's often called and is intended to be completed by those who will be assessing the DSE set ups of employees. DSE is a term that covers a wide range of equipment. If equipment like this is not set up correctly, users are at increased risk from certain disorders.

Who Should Attend Assessing Display Screen Equipment Training?

- This course would be ideal for people who want to learn the Health & Safety regulations when it comes to the layout of your workstation. Also for people who want to know the risks and hazards with how your workstation can be adjusted to meet requirements.
