Pringle PCS Online Training

Since 1994 PCS have delivered training for companies across all sectors, from IT, Soft Skills and Health & Safety. We have now expanded our training program so that you can watch our training videos online. This will deliver an immediate impact that will improve staff performance and efficiency.

You can create a single user account or set up a business account. This will enable you to have as many licenses as you want for your staff, our online courses will cover all of your organisation's needs. You can purchase specific courses for each member of staff that you would like them to learn.

Each course has numerous modules that contain an exam at the end. This allows you to monitor the progress of your staff. You only have 3 attempts at the exams. If you fail a module 3 times we can reset the failed attempts on that module, you can have up to 3 resets on a module. After that the course will have to be purchased again.

After each course the delegate will be awarded a certificate of completion that will look great in your CV and also for personal and company development.

If you are interested in our online courses we can give you a demo version that provides you with a login to access the courses we have to offer, and to find out more information on each. The demo gives you access the first module of each course.

PCS Training offer extensive Soft Skills & Health and Safety training courses designed to improve and enhance learners' skills. PCS have a variety of online training courses that are aimed at developing individuals working in all areas within the workplace.

If the workplace is a difficult environment to watch our courses, this could be because of distractions etc. we offer our delegates the chance to come to our offices where a PC will be set up for you with a member of PCS staff on hand to assist. We offer this to our delegates free of charge.

Business Skills	
Legal and Business Office Work

This course is a variation on the Asbestos Awareness course that contains specific information for designers and architects.</p>
	<p>Abrasive Wheels</p> <p>This course is aimed at anyone who uses abrasive wheels, or employs people who use abrasive wheels as part of their work. It covers different types of AW, safety in their use and how to identify the type of wheel.</p>
	<p>Control of Substances Hazardous to Health (COSHH)</p> <p>This course covers what you need to know about the Control of Substances Hazardous to Health. It's aimed at anyone who is exposed to Substances Hazardous to Health at work, as well as line managers with responsibility for such people.</p>
	<p>Manual Handling</p> <p>Manual handling covers a wide range of activities and incorrect manual handling is one of the most common causes of injury at work. The nature of the load itself doesn't matter if you have to use your muscles, then it's manual handling and, well, you're in danger.</p>
	<p>Working Safely</p> <p>Working safely is in the interest and concern of all staff – both the employers and employees. Workers have an expectation to go home at the end of the working day not having been injured - or having had their health affected by - any workplace activity, or as a result of it.</p>

Health & Safety

General Safety

	<p>Safeguarding Children Safeguarding is a term that describes the work and processes undertaken to minimise and manage the risks involved to vulnerable children. During this training video you will hear many facts, figures and details surrounding the risk to children, the types of abuse suffered, how to recognise the signs of abuse and key safeguarding legislations put in place to minimise the abuse of children.</p>
	<p>Safeguarding Adults This course is aimed at anyone who has a duty of care for, or comes into contact with, adults in need of care and support, either as a paid professional or a volunteer. You and the organisation you work for must take appropriate measures for the protection of adults in your care, while still ensuring they are supported and empowered. This course can bring you one step closer to being able to do this.</p>
	<p>Emergency First Aid at Work - Online Annual Refresher This Emergency First Aid Refresher course will highlight some of the most common situations that you might come across and the actions that you can take to help.</p>
	<p>Working at Height This course is aimed at anyone who undertakes work at height, or who employs people who regularly work at height. It covers what constitutes work at height, the safety issues, and how to assess and reduce some of the risks.</p>
	<p>Display Screen Equipment Awareness This course is aimed at users of display screen equipment, or DSE as it's often called. DSE is a term that covers a wide range of equipment. If DSE equipment like this is not set up correctly, users are at increased risk from certain disorders. As an employee, you share the responsibility to keep people safe at work. That means undergoing relevant training and ensuring that rules are followed.</p>
	<p>Assessing Display Screen Equipment This course is aimed at companies who employ users of display screen equipment, or DSE as it's often called and is intended to be completed by those who will be assessing the DSE set ups of employees. DSE is a term that covers a wide range of equipment. If equipment like this is not set up correctly, users are at increased risk from certain disorders.</p>
