GOVERNMENT FUNDING - STRONGER BUSINESS

24/7 WORKFLOW

10 STEPS FOR SUCCESS

ONE SYSTEM. EVERY STEP. TOTAL CONTROL.

1

STOCK CHECK

End-of-day stock check creates a clear starting point for tomorrow. Tracks sold stock, available stock, and products to buy. Supports products bought in one format and sold in another.

2

COLLECTING ORDERS

Bring orders from phone, email, WhatsApp, repeat orders, and online ordering into one controlled process. Customers can reorder quickly and receive confirmation.

3

BUYING

Compare customer orders with current stock and automatically build a buying list by supplier. Update cost prices and help protect margins and profit.

4

RUN MANAGER

Assign orders to pickers, drivers, or delivery routes. Balance workloads and make quick changes before the day begins.

5

PICKING

Use printed sheets, tablets, touch screens, or weighing devices to pick and check orders accurately. Record actual weights, substitutions, and changes.

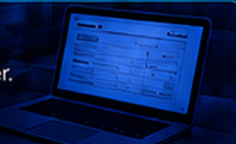

6

PROCESSING ORDERS INTO INVOICES

Turn picked orders into invoices by day, customer, run, driver, or order. Apply price updates and correct invoice mistakes with clear stock and accounts control.

7

ACCOUNTS

Link orders, invoices, payments, credit limits, and balances. Customers can view invoices, pay online, download statements, and manage their account.

8

TRACKING & DASHBOARDS

Drivers confirm deliveries in real time using mobile devices. Capture signatures, photos, and notes while dashboards show live progress and performance.

9

SALES & MARKETING

Use Gekko 365 CRM and Microsoft 365 tools to manage customers, marketing campaigns, reporting, follow-ups, and business growth.

10

IT MANAGER & 24/7 SUPPORT

Keep systems secure, reliable, and supported. Covers servers, Microsoft 365, backups, remote working, security, hardware advice, and Gekko support.

MANAGE & CONTROL A BUSINESS

AI WHOLESALE.

AI: TRANSFORMING THE FUTURE

THE FUTURE OF SMARTER ORDERING, COMMUNICATION AND CONTROL.

1 SELF-GENERATING ORDERS

AI automatically creates purchase and customer orders.

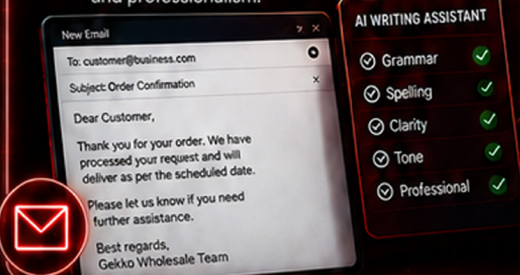

2 ANSWERING THE PHONE & TAKING ORDERS

AI voice assistant handles calls, captures orders and confirms details instantly.

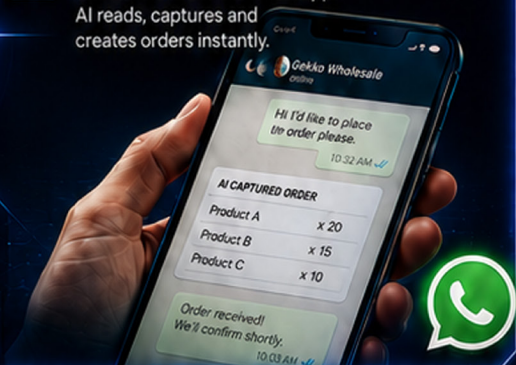

3 EMAIL CREATION, PROOF SPELLING & IMPROVE WRITING

AI writes, checks and improves emails for clarity, tone and professionalism.

4 WHATSAPP ORDERING

Customers order via WhatsApp. AI reads, captures and creates orders instantly.

ONE INTELLIGENT SYSTEM.
EVERY PART OF YOUR BUSINESS.

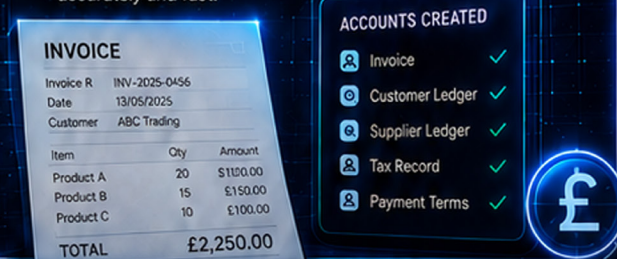

5 AI RISK WARNINGS & REPORTS

AI detects risks, highlights issues and delivers smart reports with actionable insights.

6 AI ACCOUNTING CREATION

AI automatically creates invoices, accounts and financial records accurately and fast.
